

Name: Sergejs Burtovojis

DOB: 11/01/1988

Date: 07/15/2025

To whom it may concern,

Sergejs completed a procedure in our office on **06/29/2026**. The procedure went very well, and there were no major concerns. The typical recovery period for this procedure is **approximately one month**, during which we recommend limited lifting, alternating between sitting and standing, and minimizing computer use.

Physical therapy is recommended **1–2 times per week for 12 weeks**, with a focus on guided rehabilitation and gradual strengthening.

If you have any questions, please feel free to contact our office at **303-429-6448**.
